Dear Verneta:

The Illinois Environmental Protection Agency exempts the U.S. EPA, it's contractors or representatives from the manifesting and special waste hauling permitting required by 35 IAC Part 809 for wastes generated as a result of emergency response activities performed at 11333 Addison Street, Franklin Park, IL. This exemption is granted under the provisions of 35 IAC 809.701 to facilitate the safe handling of wastes which present a potential threat to health or the environment.

Should you have any questions, please contact me at the phone number shown above.

Sincerely,

A handwritten signature in cursive script that reads "Scott Owens".
